Dear CPC Registrants,

We hope you are enjoying the summer season. The CPC would like to inform you of some updates to the Entry-to-practice requirements for the Diploma in Pedorthics Program offered through Western University. Entry to Practice has been identified as a strategic imperative by the CPC Board of Directors. The objective is to reduce barriers to potential candidates entering the Pedorthic program without compromising educational standards. A potential candidate no longer requires a STEM (science, technology, engineering and mathematics) degree. Anyone with a 3 or 4 year degree can apply.

- **Requirements:** Undergraduate Degree in Kinesiology (for direct-entry) or any other 3 or 4 year degree (for Bridging Program), with a minimum average of 70% in the last two years of study.
